Why Choose MEDGUARD

MEDGUARD is a 5 Year Renewable Term Life & Critical Illness Accelerated Death Benefit Insurance plan that provides You a lump sum benefit payment for a Specified Critical Illness Event or Specified Critical Illness Surgery that occurs during Your lifetime. The amount of the Accelerated Death Benefit is a specified percentage of the plan's Death Benefit. Once 100% of the Death Benefit has been paid, coverage under MedGuard terminates.

Nobody likes to think about the possibility of being diagnosed with a critical illness yet every day thousands of Americans suffer a life-threatening illness such as cancer, heart attack, or stroke.

Thanks to advances in medicine, although You may not avoid a critical illness diagnosis, You have a greater chance of surviving that illness now more than ever. Although survival rates have increased, recovery times may be extensive. The bills — both medical and non-medical — can be considerable. Are You and Your family prepared to shoulder that kind of expense?

Why Buy MEDGUARD?

If You have financial obligations, such as a mortgage, or if You want to protect Your savings from the costs of recovery, MEDGUARD critical illness insurance may be for You. If You are a parent responsible for providing for Your children, You should consider MEDGUARD. If You become ill and require a long recovery time with a loss of income, MEDGUARD can provide You with a monetary alternative. The benefit amount You receive can help You focus on a full recovery without worrying where You will find the money to pay Your bills.

The MEDGUARD Difference

MEDGUARD critical illness insurance can help fill the gap between health coverage and life insurance. Health coverage provides benefits for medical treatment but doesn't include benefits for non-medical expenses. Traditional life insurance pays benefits to the named beneficiary after death. What if You survive a critical illness? Where will You find the financial resources to cover non-medical costs during recovery?

If You are diagnosed with a covered critical condition or undergo a covered critical surgery, MEDGUARD will pay a portion of the Death Benefit to You in a lump-sum cash payment. Your listed benefit will be paid to You when You are diagnosed.

You can use the cash for any purpose You deem necessary such as helping to:

- Protect Your assets from being spent on recovery
- Replace lost income for You & Your care-providing spouse
- Pay Your mortgage or other obligations
- Offset out-of-pocket or medical expenses not covered by health insurance
- Pay for experimental treatment
- Pay COBRA or other insurance premiums
- Pay home healthcare expenses
- Pay tuition expenses if You need to return to school
- Reduce Your debt
- Maintain Your Family's lifestyle
- Pay Your taxes
- Pay travel and temporary housing expenses for You and Your Family while receiving care away from home
- Renovate Your home or relocate
- Pay for childcare
- Finance or protect Your children's college tuition
- Maintain Your business during recovery

MEDGUARD meets the needs of the ever-increasing number of people who survive serious illnesses. It provides a payment that can be used for non-medical expenses during the recovery process.

MEDGUARD Monthly Premium Options

MEDGUARD is a money purchase plan with available premium payment options as low as \$20 through monthly bank draft.*

*Monthly administrative fee of \$4.95 applies.

MEDGUARD Limitations at a Glance

- For each Insured, Benefits payable under the Group Policy and Certificate for all Specified Critical Illness Events or Specified Critical Illness Surgery combined will not exceed the Death Benefit that applies to the Insured. We will reduce what We pay for a claim so that the amount that We pay, when combined with amounts for all claims We have previously paid for the same Insured does not exceed the Death Benefit that was in effect for that Insured on the date of the most recent Specified Critical Illness Event or Specified Critical Illness Surgery.
- We will pay the Benefits for any Specified Critical Illness Event or Specified Critical Illness Surgery that First Occurs after the first 30 days immediately following the Issue Date, or as a result of diagnostic testing performed after the first 30 days immediately following the Issue Date, except for the limited Benefit amount shown in the Certificate Schedule for the 1st through 30th day for any Specified Critical Illness Event or Specified Critical Illness Surgery other than Life Threatening Cancer. Life Threatening Cancer will be limited to the amount shown on the Certificate Schedule during the first 90 days immediately following the Issue Date.

MEDGUARD Mandatory Dispute Resolution

ACA Individual Mandate & Shared Responsibility Payment

The MedGuard Plan is a 5-year, renewable term life insurance plan with the plan's stated death benefit paid to the insured's designated beneficiary. The MedGuard plan also contains an accelerated critical illness benefit, which provides the accelerated lump sum payment to the insured, while living, the stated percentage of the death benefit, if the insured is diagnosed with a covered critical illness or covered critical injury or undergoes a covered critical surgical procedure. Life insurance plans are not considered "health insurance" under the ACA. The ACA generally requires individuals to maintain "minimum essential coverage" or be subject to the payment of the annual shared responsibility payment with the payment of their taxes to the federal government. Congress eliminated the shared responsibility payment in 2019 and beyond for individuals who do not maintain ACA "minimum essential coverage" during 2019 or any year thereafter.
